DECLARATION UNDER 35 U.S.C. 202(c)(6)

We, the undersigned, hereby declare as follows:

- (1) That we made and conceived the invention described and claimed in the subject application;
- (2) That the invention was made in part under Funds-in-Agreement Number FIA-00-008 with the Los Alamos National Laboratory, U.S. Department of Energy; and
- (3) That the Government has retained a non-exclusive, non-transferable, irrevocable, paid-up license to practice or have practiced by or on behalf of the United States, the subject invention throughout the world and the subject application will be amended to include such fact.

The undersigned inventors declare further that all statements made herein of his or their own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
